YOU BELONG HERE

This is a place where who you are matters from day one. You'll find small classes, open doors, and a culture that values authenticity over conformity. Professors see you, not just your grades. Classmates become collaborators, not competitors. You'll graduate with more than knowledge—you'll gain confidence, resilience, and a strong sense of purpose.

BELONGING AT UMBC...

"Is being able to show up as I am and being accepted as a fellow learner and person."

"Is like finding your favorite cozy corner on campus, a place where you feel genuinely welcomed, surrounded by a community that embraces your individuality."

"Means that the goals and aspirations that brought you to UMBC, no matter how vague or unsure, are supported and encouraged by peers who want to see you succeed."

DIFFERENT DRIVES WHAT'S NEXT

At UMBC, innovation isn't confined to labs or lecture halls—it emerges where unexpected ideas collide, when the boundaries between disciplines blur, and students with intersecting identities, talents, and passions are encouraged to create something new.

TRANSFORMING THE TRANSFER EXPERIENCE

UMBC offers a wide range of programs, tools, and communities designed to help transfer students start strong, stay supported, and thrive.

TRANSFER CENTRAL

We know your biggest questions: How will my credits transfer? How long will it take to graduate? How much will it cost? Transfer Central is our interactive tool that provides real-time credit estimates, best-fit major recommendations, and access to key dates, milestones, and resources.

TRANSFER STUDENT ALLIANCE (TSA)

For Maryland community college students, TSA provides exclusive member benefits from day one—whether at UMBC or UMBC at the Universities at Shady Grove.

Member benefits include:

- \$75 transfer application fee waiver
- 25% tuition discount for one concurrent UMBC course each semester
- Exclusive eligibility for merit scholarship
- Guaranteed on-campus housing
- Priority advising and orientation registration

PRE-TRANSFER ADVISING

Our advisors work with you before you enroll to review graduation requirements, transfer credits, and major pathways—helping you plan a smooth transition to UMBC.

TRANSFER SEMINARS

These courses are designed specifically for incoming transfer students, helping you navigate UMBC, connect with your college, and map out your academic journey.

TRANSFER STUDENT SUCCESS

Through workshops and activities, Transfer Student Success staff and leaders help new transfer students transition to UMBC, learn about available resources, and connect with each other.

TAU SIGMA NATIONAL HONOR SOCIETY

Recognizing and celebrating transfer student achievement, Tau Sigma connects you with peers through networking, service, and social events.

YOUR PASSION

IS PART OF THE PLAN

At UMBC, student life is a co-created, lived experience that grows with you. Getting involved means finding the people, passions, and perspectives that help shape who you are—and who we are, together.

With 250+ student organizations, there's no one way to be part of campus life. Join cultural groups that reflect your identity, service organizations that align with your values, and communities built around your hobbies, goals, and big ideas. From Greek life to civic engagement, your difference doesn't just belong—it builds something better.

The Student Events Board (seb) hosts events almost every day, from movie nights to major festivals like Homecoming and Quadmania. However you show up, there's space for you here.

CONNECTION

THAT MOVES WITH YOU

At UMBC, well-being is a community-wide commitment to helping you stay active, balanced, and connected.

THE CENTER FOR WELL-BEING

brings together mental health services, health promotion, and spiritual support all under one roof. Whether you're managing stress, finding your community, or just need someone to talk to, you'll find care that's inclusive, accessible, and built around you.

RETRIEVER ACTIVITIES CENTER (RAC)

The RAC is home to weight rooms, cardio spaces, outdoor and indoor pools, basketball and tennis courts, and more. RAC staff members offer over 30 group fitness and cycling classes, virtual classes, and personal training.

30+ CLUB AND INTRAMURAL SPORTS TEAMS

Whether you are looking for a way to get to know other students or test yourself in a competitive environment, UMBC offers a number of options for Retrievers to have fun.

INDEPENDENCE AND COMMUNITY

WHY LIVE ON CAMPUS?

Many first-year students choose to live on campus because they love the independence of living on their own and the convenience of being close to class, campus life, and recreational activities. UMBC's location also makes it easy to get to the airport, Baltimore, and Washington, D.C.—opening up access to cultural experiences, internships, and entertainment that expand life beyond campus.

LIVING-LEARNING COMMUNITIES

With 10 themed Living-Learning Communities and modern residence halls, UMBC helps you build friendships and find support from day one.

DINING

From global cuisine to campus favorites, our 17 dining spots offer options for every taste and dietary need. Craving something different? Dozens of restaurants are just off campus.

TRANSPORTATION

UMBC Transit offers free, eco-friendly rides with over 300 stops. We also offer real-time updates through our GPS-enabled Transit Tracker.

HEALTH SERVICES

Retriever Integrated Health (RIH) blends physical and mental health services to provide a collaborative and holistic approach to support your well-being and success.

CAMPUS SAFETY

UMBC prioritizes your safety with 24/7 police services and real-time updates through our UMBC Alerts text system.

1/2

More than half of new students live on campus.

HELP OTHERS— **FIND YOURSELF**

At UMBC, service is part of who we are. Whether you're mentoring, organizing, or volunteering in the community, you'll find meaningful ways to make an impact. It's a chance to connect your values with action, and grow through doing good.

GIVING WHERE WE LIVE

Our students participate in service learning throughout the Baltimore and Washington, D.C. region, working with animals, children, immigrants, and patients in programs such as:

- Baltimore Animal Rescue and Care Shelter (BARCS)
- Esperanza Center
- The Choice Program
- Creative Coders
- Ascension Saint Agnes Hospital

A woman with blonde hair and glasses, wearing a blue protective suit and gloves, is kneeling and smiling next to a brown and white pit bull dog. The dog is sitting on a black metal grate and has its mouth open, showing its tongue. The woman is wearing a blue protective suit with the word 'RET' visible on the front. The background shows a light blue wall and some greenery.

87%

of service-learning
respondents say their
experiences helped them to
grow as leaders.

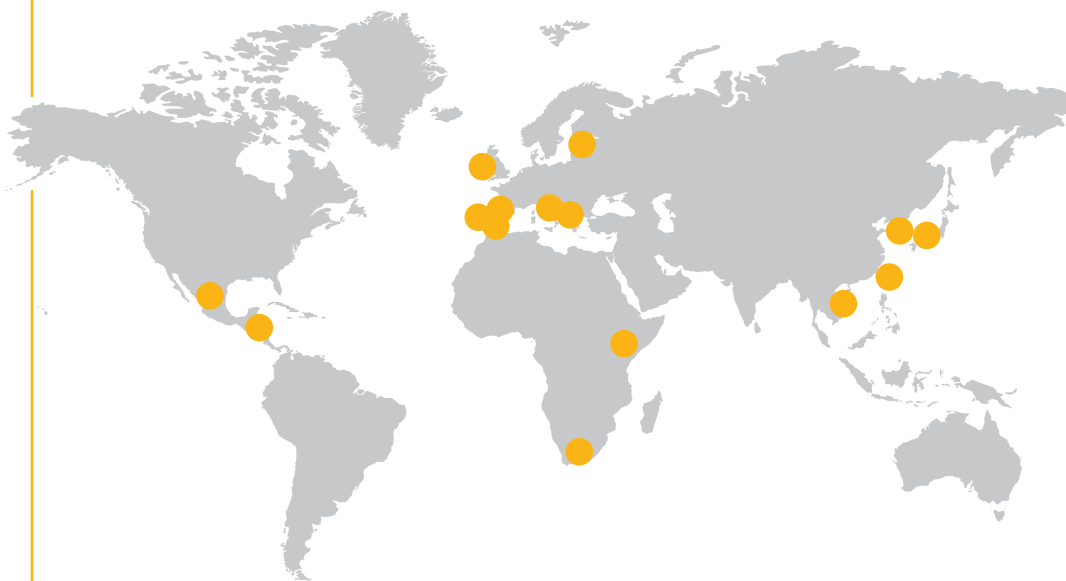

GROW

WHERE YOU'VE NEVER BEEN

At UMBC, the world is—quite literally—your classroom. Learn about new cultures and governments. Test your research chops at an on-site archaeology lab. Explore art and literature in the places they were created. Whatever you choose, it's sure to be a life-changing experience.

In the last year alone, UMBC students have enjoyed a study-abroad experience in many cities around the world, including:

- Costa Rica
- Estonia
- France
- Greece
- Ireland
- Italy
- Japan
- Kenya
- Mexico
- Portugal
- South Africa
- South Korea
- Spain
- Taiwan
- Vietnam

RESEARCH

THAT STARTS WITH YOU

As an R1 university, UMBC offers big research opportunities with a personal approach. Across every major, you'll dive into real work alongside faculty and grad students, shaping questions that matter to you. Through UMBC's Undergraduate Research Awards, you can receive up to \$1,500 to support independent projects with a faculty mentor.

UMBC students are publishing, presenting, and pushing their fields forward. Across every discipline, undergraduates lead original research and creative projects with real-world impact.

Check out the latest issue of the *UMBC Review*, a peer-reviewed journal run entirely by undergrads, for a glimpse of what our students are discovering.

"Having undergraduates in the lab has extended our capability to ask more complex questions than we would otherwise take on."

Professor Chuck Bieberich
Biological Sciences

UMBC PREPARED ME FOR MY FUTURE BY...

"...connecting me to an indispensable network of mentors and providing a springboard for many opportunities."

"...helping me find my passion and giving me the knowledge and confidence to move forward"

CAREER-READY ON YOUR TERMS

Whether you're aiming for a career, grad school, or something entirely your own, we help you build the experience, confidence, and connections to get there. Our location—right in the heart of a major biotech corridor and within easy reach of Baltimore, D.C., and multiple centers of government—means unparalleled access to internships, research opportunities, and professional networks.

FUNDED OPPORTUNITIES

Not all internships pay—but at UMBC, we believe access shouldn't depend on income. Our Student Internship and Service Fund provides stipends so you can pursue meaningful experiences without sacrificing financial security.

YOUR FUTURE HAS RANGE

Thinking about graduate school, fellowships, or research abroad? UMBC helps students chart bold futures through personalized support for competitive scholarships like the Rhodes, Goldwater, and Fulbright. Our grads are changing the world in labs, boardrooms, classrooms, and beyond.

COLLEGE OF **ARTS, HUMANITIES, AND SOCIAL SCIENCES**

The College of Arts, Humanities, and Social Sciences spans the disciplines, the centuries, and the globe. True to the liberal arts, we ask questions fundamental to human existence: Who are we? Where have we been? What matters? Through diverse, challenging programs of study, with countless opportunities for research, creative work, internships, and other co-curricular activities, our students develop skills and knowledge that prepare them for a variety of careers and a lifetime of thoughtful citizenship and leadership in a complex world.

COLLEGE OF **ENGINEERING AND INFORMATION TECHNOLOGY**

The College of Engineering and Information Technology is constantly asking what's next, with our focus on research, innovation, and education. We create space for our students to cross disciplines in both their research and their classes. As a result, our students become adept problem solvers who are poised to tackle modern technological challenges. In all that we do, we work to include diverse voices, conduct cutting-edge research, and prepare students to join a global workforce.

Mechanical Engineering

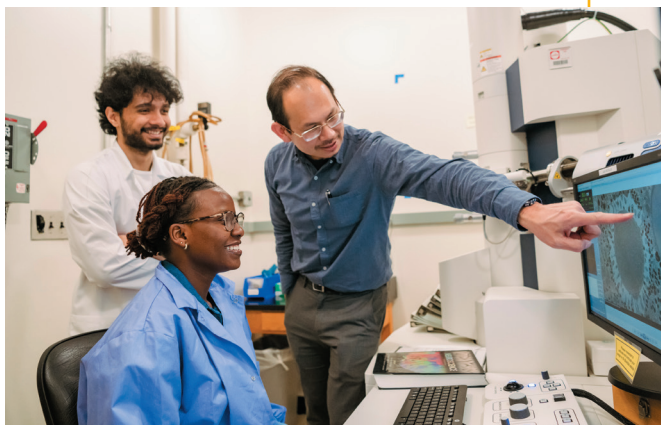

Did you know the UMBC-NASA partnership goes back two decades? Recently, UMBC scientists and student researchers launched the HARP2 instrument on NASA's PACE mission.

COLLEGE OF **NATURAL AND MATHEMATICAL SCIENCES**

In the College of Natural and Mathematical Sciences, we emphasize research experiences as teaching and learning tools and create opportunities for our students to work side by side with faculty, post-docs, and graduate students using state-of-the-art equipment. We create space for students to explore, testing various hypotheses and making personal discoveries. This work, combined with our emphasis on interdisciplinary collaboration, gives our students the chance to test the waters for future academic and career pursuits.

SHAPING LEADERS IN SERVICE AND CARE

THE ERICKSON SCHOOL OF AGING STUDIES

The Erickson School's Management of Aging Studies program combines business management, public policy, and the study of human aging to prepare the next generation of leaders in the longevity market. erickson.umbc.edu

THE SCHOOL OF EDUCATION

The School of Education prepares students to become knowledgeable, skilled, and responsive educators. Through academic coursework and field-based experiences, students develop the skills they need to become teachers and leaders in schools and communities. education.umbc.edu

SOCIAL WORK PROGRAM

The Baccalaureate Social Work Program at UMBC is part of the University of Maryland's School of Social Work. Students will build the skills and techniques they'll need for a generalist practice focused on individuals, families, groups, and communities. socialwork.umbc.edu

INDIVIDUALIZED STUDY PROGRAM

Our Individualized Study program gives students a chance to chart their own course as they design a major that allows them to explore multiple interests. Examples of degrees from recent graduates include prosthetic design, critical carceral studies, and holistic pediatric rehabilitation and care. inds.umbc.edu

UMBC AT THE UNIVERSITIES AT SHADY GROVE

UMBC provides a unique environment for students to earn a degree in Montgomery County at The Universities at Shady Grove (USG), where we offer a curated selection of programs. Students who have as few as 45 college credits may be eligible to access UMBC's best faculty, dynamic learning environment, and individualized advising, all without commuting to Baltimore. shadygrove.umbc.edu

PRE-PROFESSIONAL PROGRAMS

UMBC offers a range of two-, three-, and four-year pre-professional programs designed to help our students propel themselves into allied health and other professional fields.

PROGRAMS

- Pre-Anesthesiologist Assistant
- Pre-Athletic Training
- Pre-Chiropractic Medicine
- Pre-Dental
- Pre-Dental Hygiene
- Pre-Law
- Pre-Medicine
- Pre-Medical Technology
- Pre-Nursing
- Pre-Occupational Therapy
- Pre-Optometry
- Pre-Pharmaceutical Sciences
- Pre-Pharmacy
- Pre-Physical Therapy
- Pre-Physician Assistant
- Pre-Podiatry
- Pre-Veterinary Medicine

HONORED TO BE DIFFERENT

HONORS COLLEGE

In the Honors College, you'll take classes and seminars that will help you cultivate your distinctive skills and abilities with some of our best professors alongside other students committed to intellectual inquiry.

OUR SCHOLARS PROGRAMS

We've built a unique set of programs with scholarships where you'll find a supportive community that is focused on giving you a launchpad for your academic, career, and life goals.

- **Cyber Scholars:** Perfect for students who are ready to take on the cybersecurity challenges of today and tomorrow.
- **Transfer Scholars in IT and Engineering (T-SITE):** For incoming transfer students seeking faculty and peer mentorship to help build leadership skills, secure industry internships, and explore career options.
- **Sherman Teacher Scholars:** Prepares students who have a desire to teach in high-needs and urban schools to become culturally responsive and compassionate educators who believe all children deserve a high-quality education.
- **Charlotte W. Newcombe Scholars:** For undergraduates over the age of 25 seeking their first undergraduate degree.

TRANSFER SCHOLARSHIPS

In addition to scholars programs, UMBC offers scholarships that recognize academic achievement and help make your education more affordable.

- **The Academic Achievement Award for Transfers (AAT)** recognizes and rewards academic achievement for incoming community college transfer students.
- **The Phi Theta Kappa (PTK) Scholarship** provides up to \$2,500 per academic year for up to two years to eligible PTK members.

LIFE CHANGING. COST EFFECTIVE.

Financing your education is an important step, and that’s why we offer a wide range of financial aid and scholarships.

COST OF ATTENDANCE: LIVING ON CAMPUS (2026 - 2027)*

	In-State Per year	Out-of-State Per year
Tuition/Fees	\$14,086	\$34,183
Housing & Food	\$15,738	\$15,738
Total:	\$29,824	\$49,921

** Each student's individual costs may vary based upon courses, housing, and meal plan selection. Costs are subject to change with Board of Regents approval.*

MERIT SCHOLARSHIPS

UMBC offers competitive merit scholarships to incoming community college transfer students, which do not require a separate application. Scholarships are awarded based on academic accomplishment, program membership, and timely completion of the admissions application. To be eligible for a transfer scholarship, applicants should have 30 or more credits completed at the time of admission application; priority consideration is given to students completing an associate's degree prior to transfer.

NEED-BASED FINANCIAL AID

Financial aid programs are available and awarded in three categories: grants, loans, and employment. The Office of Financial Aid will prepare a financial aid package for eligible students which may consist of one or more of these types of aid to assist in meeting a student's financial needs.

FINANCIAL AID DATES

FAFSA available: October 1, 2026 (Expected)

Priority Deadline: March 1, 2027

RETRIEVER SPIRIT

Our mascot, “True Grit,” stands for more than school pride. The Chesapeake Bay Retriever is a symbol of loyalty, drive, and purpose—the same qualities that shape the UMBC experience. Here, grit means showing up with heart, lifting each other up, and making a difference through academics, wellness, civic action, and community.

SO WHAT'S NEXT?

READY TO APPLY?

Get more information about the application process here.

You can get a great sense of life as a Retriever without even setting foot on campus. We've curated a number of videos, photos, and a 360° tour of campus.

PREFER TO SEE UMBC IN PERSON?

Join us on campus for a tour or information session, offered most weekdays and Saturdays, and meet with an admissions representative to learn more about our admissions requirements, scholarships, academic programs, and more.

IMPORTANT DEADLINES

Fall Admission to UMBC and the Honors College at UMBC:

Priority Deadline: March 1

Regular Deadline: June 1

Spring Admission to UMBC and the Honors College at UMBC:

Priority Deadline: October 15

Regular Deadline: December 1
